

RVIS Internship Program: Empowering The Future

Going Beyond the Classroom

The RVIS Internship Program is a transformative educational experience for Grade 11 and 12 students. It bridges the gap between academic learning and real-world applications, offering students invaluable opportunities to discover their passions, build skills, and gain a competitive edge for future employment.

Ignite Personalize Impact

What Students Gain

- **Hands-on Experience:** Students work on real projects in a professional setting.
- **Career Insight:** A chance to explore a potential career path before committing.
- **Skill Development:** Improve communication, critical thinking, and project management skills.
- **Networking:** Build meaningful relationships with mentors and peers in a field of choice.

Program Components

- **Internship Placement:** Customizable schedules to accommodate educational commitments. Students can choose from IGNITE Rotations, a semester, or a full year.
- **On-Campus Sessions:** Regular touch-points for reflection and collaborative learning.
- **Portfolio Building:** An organized way for participants to document their journey, skills, and accomplishments.

"Diving into the food and beverage industry through this internship was a great experience. I learned about how everything works, including behind the scenes aspects I never knew about. I feel like I was able to help solve some of the challenges the company faces, which was exciting. One of the best educational experience, hands down!"
